Kansas City Stock Report.

Kansas City Stock Yards, March 1, 1902.
Cattle supplies continue very light and prices to advance. The increase in values the past seven days amounts to fully 35 cents per hundred. The buyers show a willingness to make reasonable bids on all classes of stock that is wonderfully encouraging to the producer. There have been no strictly choice export steers on the market this week, the top for the week being 6.65, but good well finished cattle would bring from 6.80 to 7.00 on today's market. F. M. Ecton, Carrollton, Mo., topped the heifer market for the season today with three heifers that weighed 820-lbs each and sold at \$3.00 per hundred. The general range of dressed beef prices has been from 5.00 to 6.65; butcher cows and heifers 3.25 to 6.00; causers, 2.50 to 3.25.

The country demand for stockers and feeders continues to improve; the moderate offerings of good quality finding ready sale at steady values, but dealers have an accumulation of light common stockers and that class of cattle are some lower. Prices range all the way from 3.25 to 5.15.

Texas and Territory meal or corn fed cattle are eagerly sought for by all the dressed beef buyers. At one time Monday with about one-half the supply in the native yards, there was not a single steer buyer to be found in the native division; they were all bucking each other in the quarantine division where the market was fully 10 cents higher. W. F. Smith, White Eagle, O. T. topped Wednesday's market with 42 steers that weighed 1225-lbs each and sold at \$5.35. Thursday W. W. O'Bryan, Welch, I. T. raised Mr. Smith out by selling 51 steers that weighed 1339 pounds each at 5.85. The top for the week was 5.85 with general prices ranging from 4.40 to 5.35.

Hog products during the early part of the week were almost panicky, with live hogs

correspondingly lower. The reaction that developed Thursday is still in evidence and both hog commodities and live hogs are quoted almost as high as last week's prices. Top for the week was 9.42, with prices ranging from 5.80 for common lights to 6.42 for prime heavies.

The continued stringency of sheep supplies at this point has held prices well up this week and the market has been active and satisfactory compared with last week's quotations. Lambs show a slight weakness but the fact is that the lower quotations are traceable to a marked falling off in quality of the offerings and not to any depreciation in values. Prices being paid here are comparatively higher than those obtainable at Eastern markets and producers would find it to their interest to consider the merits of this market when making consignments. Native lambs have sold this week from 6.35 to 6.50; Colorado lambs 6.25 to 6.45; Western wethers 5.00 to 6.50; Western yearlings 5.90 to 6.30; Western ewes 4.50 to 5.40.

For strictly first class black-smithing go to Harter.

Literary Notes.

The Constitution of the United States of America has put a new meaning into the word citizenship. The high ideals of the father of our country have laid the foundations of good citizenship in such a way that the industrious, high minded, ambitious men and women of all nations have flocked to our shores. The present prominence of our nation among the nations of the world and its new field of usefulness and power have given to American citizenship a fresh inspiration toward true living and great accomplishment.

The high sentiments of our Chief Executive in his address, "The New Citizen," printed in the Youth's Companion are fittingly published in the Washingtons Birthday Number. George Washington, by his pure life and wise conservatism and ambition for the new country, fairly won his title of Father of his Country. Theodore Roosevelt, the best exponent of our twentieth century activity, has equally high ideals for the nation; and in this address and in his life he lays particular stress on the individual, his stewardship, his usefulness in home and public life.

Washington and Lincoln led our nation over its most difficult paths. It has been left in recent years for such men as Theodore Roosevelt to embody the highest ideals of private and public citizenship.

Meeting Panhandle Teachers Association.

The Panhandle Teachers Association met at Canyon City, February 21-22, 1902.

A large number of teachers were present, also our County Judge, L. D. Marrs. The meeting was very profitable and interesting.

Saturday afternoon Hon. Arthur Lefevre, State Superintendent of Public Instruction, addressed the Association.

The following resolutions were adopted by the association, February 22nd, 1902: Whereas we, the teachers of the Panhandle Teachers Association have enjoyed a most pleasant and profitable session in Canyon City, therefore be it resolved:

First. That our thanks are due and hereby tendered to the citizens of Canyon City for their courteous hospitality in opening their homes for the reception of the teachers during the session of this association.

Second. That we feel under many obligations to Prof. Ernsberger for his efforts in providing entertainment and looking after the comforts of the visiting teachers.

Third. That we appreciate the address of Rev. Jordan and the services of the Canyon City Cornet Band, the Nightingale Club and the various individuals who have contributed to our pleasure and the success of the meeting.

Fourth. That we recognize the Panhandle Teachers Association as an active force for the advancement of the cause of education in this part of the state, and we feel that it is the duty of the members of this organization to use their utmost endeavors to maintain its usefulness and promote its progress.

Fifth. That we the teachers of the Panhandle Teachers Association composed of the Counties of Randall, Potter, Carson, Deaf Smith, Armstrong, O'Donley and Roberts desire to publicly endorse the Hon. Arthur Lefevre for State Superintendent of Public Instruction of Texas.

Sixth. That we as individuals, citizens and teachers of said association promise and obligate ourselves individually and collectively to use all honorable means to secure the County Instructions of each of our counties respectively for the said Hon. Arthur Lefevre for State Supt. Public Instruction.

Respectfully Submitted,
LILLIAN COLLINS, Secretary.

GOOD ADVICE

The most miserable beings in the world are those suffering from dyspepsia and liver complaint. More than seventy-five per cent. of the people in the United States are afflicted with these two diseases and their effects: such as sour stomach, sick headache, habitual constiveness, palpitation of the heart, heartburn, waterbrash, gnawing and burning pains at the pit of the stomach, yellow skin, coated tongue and disagreeable taste in the mouth, coming up of food after eating, low spirits, etc. Go to your druggist, J. N. Hadley, and get a bottle of August Flower for 75c. Two doses will relieve you. Try it.
